High-Level Reimbursement Process Life Cycle

1. Purchaser/Traveler is authorized to travel or make purchases on behalf of Harvard.
2. Purchaser/Traveler makes travel arrangements or purchases following Harvard policies.
3. Travel is completed or expense incurred.
4. Purchaser/Traveler submits receipts with required details (business purpose, etc.) in a timely manner.
5. Preparer (Purchaser, Traveler or Delegate) prepares report following accountable plan rules.
6. Submitter reviews report and requests additional information or makes changes as appropriate.
7. Approver reviews report and requests additional information or makes changes as appropriate and submits to Central.
8. Central reviews as necessary and approves to pay if report is complete.
9. Payment is issued.
Payments to Individuals: Taxable until proven not!

- Any time Harvard gives money or other value to an individual, it can have tax implications.
- The “Accountable Plan” is the set of IRS rules Harvard must follow to ensure reimbursements are not taxable to the recipient/reimburseee.
- The rules aren’t necessarily intuitive. Some expenses -- even though they relate to work -- are still considered personal expenses (commuting, professional attire, etc.)

**SUMMARY OF ACCOUNTABLE PLAN RULES**

- Must be **substantially business-related** – not a personal expense
- Must be **substantiated** – documented with receipts and business purpose
- Reimbursement request must be submitted **timely (90 days)**
- Amount reimbursed can’t exceed actual expense
Business Related

For Harvard to reimburse an expense without tax implications, the expense must be:

- Ordinary – common and accepted in the normal course of University activities;
- Necessary – appropriate in nature and amount; and
- Business-Related – not a personal expense
- Must be substantiated – documented with receipts and business purpose
- Reimbursement request must be submitted timely (90 days); regardless if charged to corporate card or out-of-pocket.
- Amount reimbursed can’t exceed actual expense

Note:
School and units may have more restrictive policies, contact your local finance office for details.

No policy can address every scenario, where unusual circumstances arise, the spirit of the policy – and the good judgement – should prevail.

The source of funding (i.e., sponsored research award) does NOT affect the tax treatment of the expense. The tax treatment of the expense ALWAYS hinges on whether or not it the particular expense is in DIRECT SUPPORT of University business.
Your business purpose statement should give the reviewer and approver a clear understanding of the reason for the expense. The best way to do this is to answer the 5 Ws.

**Who** – Who incurred the expense? Where there other individuals involved (names and other affiliations if required).

**What** – What the expense entailed (business lunch, travel dinner, reception, etc.)

**Where** – Where the expense was incurred – city/state/country

**When** – Date the expense was incurred or trip made

**Why** – Detailed purpose, business activity and how it relates to Harvard business

Personal Expenses

Generally, expenses that prepare or indirectly support someone’s ability to do their work are considered personal expenses and cannot be reimbursed as Harvard business expenses.

Common examples of non-reimbursable expenses:
- Commuting expenses from your home to your primary work location
- Repetitive meals (i.e., daily breakfast, lunch or dinner) while not traveling
- Costs for clothing that can be substituted for everyday use
- Personal services (e.g., haircuts, cosmetic services)
- Tuxedo rentals or formal wear – even for Harvard-related events
- Personal credit card annual fees
- Parking tickets or traffic violations
- Home office furniture or equipment

See the Business Expense Reimbursements Policy
What could be considered taxable or reportable?

**Unallowable:** Personal expenses of any kind (e.g., services, goods, credit card annual fees, rewards, and finance charges – even if the purchaser intends to reimburse Harvard for the cost of the purchase).

Common examples of payments that must be processed as taxable include:

- **Late Reimbursement (LRB):** Late reimbursements apply to Harvard employees whose electronically-approved reimbursement requests are received by Travel, Reimbursements and Card Services 91-182 days after the expense has been incurred or trip end date. All expenses with a transaction date greater than 183 days will not be reimbursed.

- **House Hunting or Moving Expenses:** Effective January 1, 2018, payments to an individual or a vendor (e.g., moving company) are taxable to an employee.

- **Other Taxable Payments:** Examples of other taxable payments may include VISA or passport fees for family members, legal fees regarding house closings, etc.

- **3rd Party Payments:** Third party payments may include payments to a moving company for an employee move or reimbursing an individual for housing expenses (where the landlord must be flagged as receiving the income).
Substantiation

A receipt or invoice must be submitted as back up for any purchase $75 or over with the exception of hotel stays which require a hotel folio (receipt) regardless of the amount. Approvers are encouraged to review receipts under $75 if provided.

Business meals that include alcohol should have an itemized receipt, regardless of the amount. In cases where an itemized receipt is not available:

- If the meal did not include alcohol, the reimburssee must attest that no alcohol was charged (on the receipt and in Concur).
- If the meal did include alcohol and the reimburssee can attest in writing to the alcohol cost, then the alcohol portion with applicable tax and tip must be charged to object code 8450. No alcohol may be charged to a federal award.
- If alcohol was included and the reimburssee cannot attest to the alcohol cost, then no portion of the meal cost can be charged to a federal award. For all other funding, the invoice should be prorated with a percentage of the alcohol charged to object code 8450. Schools may set their own prorated amounts as long as they are consistent, usually between 20-35% for alcohol and the balance for the meal.

An electronic or paper Missing Receipt Affidavit (MRA) is required for lost receipts over $75 or for missing hotel folios. MRAs must be used as exceptions, not on a regular basis.

What should a receipt include? See Definition of Receipts for more details

- Date of transaction
- Name of merchant
- Transaction details (what was purchased)
- The amount of purchase
- The form of payment used (credit card, cash, check)
- Indication that the amount was paid
- Handwritten receipts that do not contain the above information require a Missing Receipt Affidavit (MRA)
**Timely**

**Harvard employees:** Concur reports must be approved and submitted to Travel and Reimbursements using the below time table.

**Non Harvard employees:** While reimbursements to non-employees are not technically bound by the same 90-day deadline, Harvard encourages units to pay non-employee expenses in the same fiscal quarter as they are incurred.

Harvard Issued Credit Cards

Individuals who hold Harvard-issued credit cards (e.g., Corporate Cards, PCards, Department Cards or other) agree to follow applicable terms and conditions of the cardholder agreement.

Two key points regarding University cardholders:

- **Harvard-issued credit cards should be used solely for Harvard business-related expenses.** Inadvertent personal use of a Harvard-issued credit card should be rare and should result in prompt identification and payment of the respective charges.

- **Cardholders are responsible for all transactions charged to their Harvard-issued credit card.** Cardholders have a responsibility for validating the reasonableness of all charges made using their Harvard-issued credit cards before submitting expense reports for payment. While detailed reconciliation, account coding and settlement of charges is most often undertaken by designated administrative staff, cardholders should confirm that all charges are proper and appropriate.

It is essential that Harvard’s resources are used prudently, in accordance with sponsored guidelines, donor expectations and within the requirements of the regulatory environment in which we operate. We are all stewards of such resources and have a responsibility to employ the highest ethical standards.

If you are unsure if an expense qualifies as a Harvard-related business expense, or need further advice on the use and oversight of a Harvard-issued credit card, please contact your local school or unit’s Finance Office.

**Per Harvard’s Card Application Agreements, improper use of Harvard Cards, including for personal purchases, require full reimbursement to Harvard or Citibank of the amount inappropriately charged. A cardholder may also be subject to disciplinary action up to and including termination of employment.**
Preferred Vendors

Airlines:
Harvard’s preferred Travel Agencies include BCD Travel, Egencia, The Travel Collaborative, OTT Travel, Milne Travel, HTT Travel and Protravel International. They are aware of Harvard policies and restrictions regarding travel. Reservations must be made through one of these preferred agencies to receive discounts and added values. Preferred Airlines include American, Jet Blue, Delta, and more.

- Our preferred travel agencies identify our travelers as “Harvard travelers” making them eligible for applicable discounts, benefits and added value features.
- Preferred seating/assistance with seat availability - Preferred seating is available at no additional charge for members of AA and Delta frequent flyer programs
- Greater value – free bags with applicable flat fares, early boarding
- Negotiated pricing – Harvard has deeply discounted, fully – refundable flat fares on certain frequently traveled city-pairs with AA and JetBlue
- Duty of care – Our preferred agencies provide feeds to Harvard Travel Assist
- One stop shopping – one call for air, hotel and car reservations
- Help with Fly America and Open Skies Acts (requirement for federal or cost-share funds or expenses transferred to federal awards).
Preferred Vendors

Hotel Vendors:
Harvard has discounts at local properties in the Cambridge and Boston areas, as well as with select chains including:
• Club Quarters – offers low “fixed” rates to member organizations
• Choice Hotels – discounts of up to 25% off the best available rate
• Wyndham - up to 20% off the best available rate

Car Rentals
• Harvard has agreements with Hertz, Enterprise, National car rentals which include the required Harvard insurance coverage's.

## Flights — Not Charged to Federal Awards

(1) Air time means the amount of time a traveler is in the air. The air time of connecting legs can be added together to yield the total air time of a trip. Time spent on a stopover/layover does not count towards total air time

(2) U.S. Territories and Possessions: Puerto Rico, American Samoa, Guam, the U.S. Virgin Islands and Baker, Howland, Kingman Reef, Jarvis, Johnston, Midway, Palmyra, and Wake Islands
Flights – Charged to Federal Awards

Harvard’s air travel restrictions differ depending upon the source of the funding used for travel: federal vs non-federal. Generally, travel on federal funds is more restrictive.

Lowest economy fare class on U.S. Air Carriers is required for travel charged to federal awards. Non U.S. Carries are allowed only with approval of the Fly America Travel Reimbursement Exception Form.

Business class or upgraded economy travel is NOT allowed as a direct charge to a federal award unless an exception is approved using the Federal Lowest Economy Airfare Travel Reimbursement Exception Form. To qualify one of the following must be met:

• Requires circuitous routing;
• Requires travel during unreasonable hours;
• Excessively prolongs the travel;
• Results in additional costs that offset savings;
• Cannot reasonably accommodate the traveler’s medical needs.
Upgrades

• Ticket upgrades* within the allowable class of service are reimbursable where permitted by local policies and budget.
• The base fare for a plane ticket may include the costs for a reserved seat. If a ticket upgrade only includes costs for a reserved seat it meets the criteria of lowest economy class airfare for federal funds.
• Complementary no-cost upgrades are allowed, but should be documented.
• The University will not reimburse travelers for tickets purchased using frequent flyer miles.
• Frequent flyer memberships should not influence travelers to select something other than the lowest priced flight.
• Under extenuating circumstances, such as a documented medical reason, business or first class service may be reimbursable where normally prohibited, but must be approved by the Financial Dean.
• Business class is only allowable where travel is outside of the contiguous U.S. and airtime is > 6 hours. Local policies may be more restrictive. Contact your Finance Office for guidance.

*Ticket upgrades refers to seat upgrades within the same class (for example, some airlines offer upgrades for coach class seats with extra legroom)
• Business travel accident insurance – because Harvard’s business travel accident insurance policy has a maximum payout per conveyance, travelers are encouraged to travel in groups of no more than four where possible. Non-employees are not covered by University business travel accident insurance.

• Trip cancellation insurance may be reimbursed on nonfederal funds if approved in advance and is for a compelling business reason. Trip cancellation insurance does not provide coverage in all situations; purchasing a refundable ticket may be more appropriate in certain scenarios. Contact your Finance Office for guidance.
Register International Travel

Registering Travel

Register international travel using MyTrips. This allows MyTrips and the International SOS program to proactively contact registrants during an emergency.

International SOS

International SOS provides 24/7 medical and security support and evacuation services to eligible Harvard students, faculty, and staff. To expedite assistance, it's vital that you register your trip in the International SOS MyTrips platform before you leave.

International SOS offers medical and security assistance. Travelers may download an Assistance App or download a membership card at: https://www.globalsupport.harvard.edu/travel-tools/emergency-response-program/membership-card
Hotels and Housing

- Travelers are expected to stay in standard, single-occupancy rooms where available.
- Exercise fiscal responsibility when choosing hotels.
- It is strongly recommended that travelers book lodging with one of Harvard’s preferred vendors.
- Travelers may stay in rental accommodations (e.g., VRBO or Airbnb) if the total cost is less expensive than a hotel stay in a standard, single occupancy room. Harvard does not promote nor recommend Airbnb stays however we will reimburse with proper documentation. If travelers choose to stay in a rental accommodation, they must provide documentation of the rental accommodation’s lower cost.

Hotels and Housing Tips and Tricks

- Travelers who stay in a private residence with a relative or friends while traveling on business may be reimbursed for one appreciation gift for their host/hostess per visit valued at $100 or less (including tax or any other charges). This may be a gift or meal.
- Exercise fiscal responsibility when choosing hotels.
- It is strongly recommended that travelers book lodging with one of Harvard’s preferred vendors.
- At their unit or school’s discretion, travelers may stay in rental accommodations (e.g., Vacation Rentals By Owner [VRBO] or Airbnb) if the total cost is less expensive than a hotel stay in a standard, single occupancy room.
- Travelers may choose to use Airbnb or other types of VRPO’s at their (or the school’s) discretion; however, they cannot be compelled to do so. Harvard’s stance is to reimburse with proper documentation, but does not endorse use of Airbnb or VRBO’s.

Meals

Individual Meals
- Travelers will be reimbursed for reasonable individual meal expenses while traveling on University business. Travelers are expected to use their best judgement when incurring meal expenses.
- Per IRS regulations, the University does not reimburse individual meal expenses for one-day travel, except when the travel time is greater than 12 hours.
- Itemized receipts for individual meals are encouraged regardless of amount.

Business Meals
- Business meals are meals with faculty, staff, students, donors, or other external parties during which specific documented business discussions take place.
- The business purpose for the meal expense must include the names of all attendees (if fewer than five guests; otherwise list the total number of guests), their connection to Harvard and the business conducted during the meal.

Alcohol
Business meals that include alcohol should have an itemized receipt, should be kept to a minimum, and must be charged to object code 8450. Alcohol is not allowed as a charge on a federal award. The following must be followed if an itemized receipt is not available.
- If the meal did not include alcohol, the reimbursee must attest that no alcohol was charged (on the receipt and in Concur).
- If the meal did include alcohol and the reimbursee can attest in writing to the alcohol cost, than the alcohol portion with applicable tax and tip must be charged to object code 8450. No alcohol may be charged to a federal award.
- If alcohol was included and the reimbursee cannot attest to the alcohol cost, then no portion of the meal cost can be charged to a federal award. For all other funding, the invoice should be prorated with a percentage of the alcohol charged to object code 8450. Schools may set their own prorated amounts as long as they are consistent, usually between 20-35% for alcohol and the balance for the meal.
Tipping

Tips should be reasonable and prudent. Contact your local Finance Office for specific local practices or thresholds. Suggested guidance is below.

• Incidentals expenses on federal per diem rates are supposed to cover tips and are capped at $5/day.
• The average for tipping hotel cleaning is $2-$5 a night.
• Industry average for Cab/Uber is ~15% and should not exceed 20%
• Meals – should generally not exceed 20%.
Per Diems

Per Diems – If allowed by local school or unit, are a flat agreed-upon daily rate which cannot exceed the federal per diem rate.

• Traveler must use either per diem or actual expenses (i.e., receipts) for an entire trip, a traveler cannot mix and match within a trip (i.e., receipts one day, per diem another).
• Per diem for travel days is 75% (travel from Harvard/Home to temporary work site, not travel between two work sites (i.e., 75% for travel Harvard to London, but 100% per diem travel between London and Paris).
• If traveling between multiple cities/countries, use the city where you spend the night as the basis for the per diem rate.
• Per Diems are not allowed for one-day travel.
• Incidental expenses include service fees or tips (including but not limited to bellhops, skycaps, maids, waiters/waitresses, taxi and limousine drivers), laundry expense, personal telephone calls, and transportation between places of lodging or business and places where meals are taken are reimbursed through the incidental expense portion.

Partial Per Diems

• If a trip includes meals that are already paid for (e.g., included on a conference registration fee) or the traveler has business meal with others, the meal per diem allocated must be deducted from the total. The business meal would be the only time a receipt would be required and allowed when a per diem is requested for a trip.
Ground Transportation and Parking

Travelers are expected to use fiscal responsibility when traveling to and from air, bus, or rail terminals. Taxis/Uber/Lyft, etc. are common choices; travelers should also consider public transportation options and shuttle services. Personal car for business travel is also allowable.

Travelers may choose to use Uber or Lyft or other types of shared car services at their (or their school’s) discretion; however, they cannot be compelled to do so. Harvard’s stance is to reimburse with proper documentation, but does not endorse the use of Uber or Lyft.

Private sedans, Uber Black, or other car services may not be used to attend meetings on or around campus. Limousine expenses are prohibited.

Personal car is allowable when the expenses do not exceed the cost of rental or cabs.
  • Gas expenses will not be reimbursed in lieu of miles.
  • Insurance on a personal car, and any liability from inadequate insurance coverage, is the responsibility of the traveler, not the University.
  • Travel to and from the airport using a personal car may be reimbursed.
Rental Cars

- Use Harvard’s preferred vendors and corporate account numbers to receive negotiated rates and insurance coverage.
- Select a vehicle class that is consistent with business needs (usually a compact or mid-size).
- Free vehicle upgrades are often available through Harvard’s preferred vendors. Free upgrades should be noted in the reimbursement request.

Common Errors

Reimbursement requests are often returned or rejected because of...

- Missing or insufficient detailed business purpose
- Missing Receipts over $75.00 or no signed Missing Receipt Affidavit (MRA)
- Nonemployee reimbursement is processed as a Payment Request (PR) rather than a Non-Employee Reimbursement (NR) through HCOM
- Per Diem limits are exceeded
- Expenses are taxable to an individual
  - Sympathy flowers to an employee exceed $100
  - Gift certificate to an employee
- Expenses exceeding 90 days which do not include the appropriate additional pay form
- Corporate card payments which are taxable must include
  - Add Pay form with “No Check Required” written on the top of the form
  - Add Pay form and associated receipts included in the Concur expense report header
  - The “Includes additional pay” box is checked at the expense report header in Concur
External Organizations

Payments by outside organizations

• Individuals should not seek payment from Harvard for business-related expenditures that will be reimbursed from another source. If travel and other expenses will ultimately be paid by a third party, travelers should seek reimbursement from the third party directly.

• Under extenuating circumstances, such as uncertainty regarding the outside organization’s willingness to pay or a multi-leg trip with expenses payable by Harvard and an outside entity commingled, Harvard may reimburse an individual for some or all expenses with Financial Dean approval.

• Under no circumstances will Harvard provide up-front payment for expenses that are not related to University business, even if the recipient intends to later reimburse Harvard.
Pop Quiz!

Q: A faculty member submits a reimbursement request for an airline club membership. The business purpose noted is that the club is used when waiting a hour between flights to work on Harvard business.

A: This is not allowable. While the expense appears reasonable, the membership is in the individual’s name and can be used for personal use.

Q: A tub’s Development Office purchases a membership to the Harvard Faculty Club of New York. They note the membership will be used to house staff while on business in NY and they will use the facilities for developmental programs and events.

A: This would be allowable with Financial Dean approval. While the expense is not ordinary, it is being used in several ways for University business. The membership must be under the name of a Harvard Department and not an individual.

In rare cases, other types of memberships in Harvard’s name may be allowable (e.g., Amazon Prime); however these memberships must be approve by a Financial Dean, linked to a Harvard-only Business non-taxable business account, linked to a Harvard email account and may only be used for Harvard-related business.

Q: An employee submits a receipt to be reimbursed for parking in Harvard Square for an early morning business meeting.

A: Are there additional details? Local parking (parking on or near the Harvard campus such as 123 Mt. Auburn, Harvard Square or other campus parking) is only allowed if there is a clear and reasonable business case and it benefits the project directly. Examples may include:

- The event begins or ends after normal working hours,
- for security/safety (not walking back to regular parking late at night);
- For medical reasons; and/or
- For transportation of items to meeting/event.
Q: A research assistant is flying to a country that requires specific immunization shots and requires a special VISA to get into the country. 
A: Costs associated with obtaining the necessary VISAs and immunizations required for travel to non-U.S. destinations on Harvard business are allowable.

Q: Aren’t allowance reimbursements (non-travel reimbursements related to an annual research or professional expense allocations), allowed to be processed after 90 days with no tax implications? 
A: Allowance reimbursements are not allowed and submission of receipts must follow the accountable plan rules and time limits.

Q: An employee traveling for 2 weeks submits for reimbursement for hotel laundry services.
A: Individuals on travel for over 5 days are eligible for laundry service expenses.

Q: A faculty member is a keynote speaker at a conference in Italy. The conference will pay them an honorarium and travel costs. Should Harvard pay for the plane ticket and be reimbursed later? 
A: These are payments from outside organizations. The faculty member should incur expenses on their personal credit card and be reimbursed directly by the outside organization.

Q: Same instance as above, but the faculty member says that Harvard is benefiting from this conference since they are a Dean and are representing Harvard. They believe Harvard should pay for the plane ticket and request reimbursement from the outside organization. 
A: It can be difficult to determine personal and Harvard business. In the above instance, unless there is an extenuating circumstance, such as the outside organization’s willingness to pay or a multi-leg trip which includes Harvard business, because the faculty member is receiving an honoraria, the expenses lean more towards personal than Harvard business.
Q: If Central does not reject a reimbursement request does that mean it was correct and followed state and federal regulations?
A: No! Travel, Reimbursements and Card Services spot audits employee and nonemployee reimbursement requests, but they cannot audit every single transaction.

The Approver/Submitter is the last person in the chain to verify that an expense is correct. It is up to them to resolve all questions before approving a transaction.

If you are an Approver and unsure of whether an expense is appropriate, there are resources to help you. Call your Tub Finance Office, Travel, Reimbursements and Card Services, or the Financial Policy Office before you approve a transaction.

## Common Sources of Reimbursement Questions

| Not Reimbursable | • Everyday clothing and footwear (even formal wear for a University event)  
|                  | • Home office furniture and equipment (even if used when working from home)  
|                  | • Daily commuting expenses from home to regular place of work  
|                  | • Regular meals (i.e., not “business meals”)  
|                  | • Personal services (i.e., barber, hairstylists, etc.)  

| Sometimes Reimbursable | • Expenses payable by outside organizations  
|                        | • Overnight hotel stays near campus  
|                        | • Laundry  

| Typically Reimbursable | • Software, e-books used for a Harvard project  
|                        | • Books that are used for a Harvard project and that will remain University property  
|                        | • Purchase or rental of regalia for employees participating in commencement exercises  

Responsibilities of Purchasers, Preparers & Approvers (ROPPA)

- Individuals who spend funds or who prepare or authorize expenditures on behalf of the University have a stewardship responsibility to ensure those transactions are reasonable, appropriate, and have a proper University business purpose.

- These responsibilities apply to users of all financial systems and mechanisms where money leaves the University (HCOM, PCard, Corporate Card, Concur, etc.)

- All new staff and postdocs who are users of HCOM, PCard, BCD Travel Authorization Forms, and Concur Approvers are required to take an on-line ROPPA training course.

Regardless of your role or which system/mechanism you are using, there are a few key things to know:

- **Spend Harvard resources prudently**
  - Business expense vs personal expense
  - Comply with federal, local, fund or other restrictions

- **Prepare transactions properly**
  - Contain elements of a complete business purpose
  - Proper documentation – see Definition of Receipts

- **Review and approve transactions in a timely manner**
  - Approver should have sufficient knowledge to make an informed judgement that the transaction is appropriate
  - Approver due diligence – follow-up if there are questions or concerns

- **Create evidence of the approval**
  - Electronic approval, signing paper forms, or emails.
  - Best practice is to thoroughly substantiate review and approval in writing
